COMMUNITY

Sheffield is a picturesque New England town located in the Housatonic River Valley of Berkshire County in Western Massachusetts. Comprised of two villages, Sheffield and Ashley Falls, the town's development pattern has been greatly influenced by its physical features: the Housatonic River and its wide floodplain; the Schenob Brook wetland complex and the steep slopes of the Berkshire Hills on the east and the Taconic Range on the west. Noted for its deep agricultural soils, much of Sheffield remains open and in agricultural production. A combination of wide open river valley, mountain vistas and active farmland makes Sheffield one of the most scenic towns in the Commonwealth.

Nearest City: Hartford, Connecticut (80 km)

Population: 3,257

Weather: Summers are warm and wet, the winters are freezing and snowy, and it is partly cloudy year round.
